Thank you for the SOPs. A couple of other things the LEAB Subcommittee wanted to know was how often these policies are reviewed and/or revised, and how often officers receive training on them. Please let me know via email and I will print your response and attach to the SOP.

Thank you again.

2. OPPORTUNITY: Refers to the situation being one in which the ~~suspect is physically able to employ his weapon in a manner which is likely to inflict serious injury or death~~. Opportunity can also relate to the distance between the officer and suspect. Given that ability an opportunity exist.
3. JEOPARDY: Means that you have a reasonably concluded that the the suspect intends to seriously injure or kill you and that he will unless you take immediate action.

"DEADLY FORCE" may also be used when the officer has determined that another person in the immediate area meets the guidelines of Ability, Opportunity and Jeopardy.

GREAT BODILY HARM DEFINED:

1. Major broken bone
2. Gaping, widely opened or separated wound.
3. Damage to internal organs.

USE OF DEADLY FORCE IN AN ESCAPE ATTEMPT:

Even though an officer is forced with a fleeing felon situation, in order for him to be justified in using deadly force. the criteria of ability, opportunity, and immediate jeopardy must also be present.
